THE HOW TO GUIDE

IN THIS GUIDE:

- BUYING OUT OF THE CASE
- BUYING A PACKAGE DEAL

BUYING A PACKAGE VS BUYING OUT OF THE CASE. HOW TO DECIDE...

- How many are you feeding?
- How often do you eat at home?
- Do you have enough storage room?
- Can your family finish all the meats before it could freezer burn?

These questions should help you decide if buying a package is right for you. While packages can save time and money nothing can beat a fresh, just cut steak from the case.

Is buying in bulk for you?

Many people think that buying in bulk at the **super chains** is the best way to go but here are some of the arguments to why buying a package from us is better.

- The price of bulk items at super chain stores are not any better and sometimes worse than regular pricing.
- It is more likely for the bulked products to get freezer burnt, spoil, or go unused.
- You have to buy one item in bulk.

Here are some arguments for our packages:

- You save when you buy our packages anywhere from \$9 to \$50 and more!
- Our packages have a variety of different items.
- Our packages are flexible so you can get what you like.
- Our packages are made of fresh, never frozen meat
- Quality meat

BUYING OUT OF THE CASE

WE CARRY A WIDE VARIETY OF MEATS ALL AVAILABLE IN OUR CASES FOR RETAIL SALE. HERE ARE SOME POINTERS FOR THOSE OF YOU THAT ARE NEW AND WANT TO KNOW HOW IT WORKS.

- 1.) Look around and see if what you are looking for is in the case.
- 2.) If you don't see something you are looking for... ASK. We can't fit all we carry in our cases. There is much more in the back.
- 3.) When you have decided what you want make sure the size/thickness is what you want. We can cut steaks, chops, and roast to your liking.
- 4.) You can order by the pound; amount ("I would like two pork chops, please."); or amount of people your feeding. We try to accommodate and help everyone.
- 5.) When you are done with your order, we will ring you up so you're ready for payment and you're done. If you buy a package, we will go over the package with you so we don't forget something.

BUYING A PACKAGE

- 1.) The first step know your budget or what price range you want to stay in. This will help narrow down which packages would best suit your family.
- 2.) Consider the amount of each item you need to feed your family... 3lb. per meal or 2 lb. or 6 lb. and so on.
- 3.) Look through the packages and see which one suits your family best... You know, what you guys would eat or won't.
- 4.) If there is something you don't eat we can substitute it out for you.

The first time is always can be intimidating but it is a learning experience. If the meat doesn't last as long as you would like, we can add more next time or go one in the packages.

This process seems more complicated than it really is. Sometimes it is a hit and miss process as your family grows and especially, if you are switching to a budget. You will be an old pro within two visits so don't worry; We are here to help in any way we can.
